CPTC 2021

# Changes on Security Posture

LE BONBON CROISSANT

CPTC 2021

## Improvements:

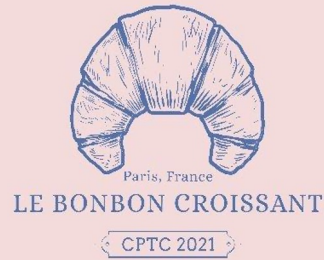

- Softwares up-to-date

## Issues:

- Multiple configuration issues
- Overall critical security level
- Potential harm to business

continuity

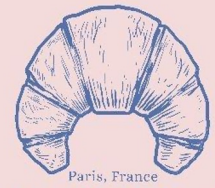

# Internal Threats

- 1 - Gaining access to confidential data on computer systems
- 2 - Gaining physical access to prohibited facilities
- 3 - Infecting devices with malware
- 4 - Stealing the secret recipe

# Recommendations

- 1 - Principle of least privilege and separation of duties.
- 2 - Using synced security solutions on user devices
- 3 - Background checks on potential candidates.
- 4 - Add non-compete clause to employee contracts
